AM New Technologies RHYNO – Coastal-Grade Outdoor Oyster/Bunker Light

The **RHYNO** is the ultimate solution for reliable outdoor lighting in tough environments.

Perfect for schools, commercial buildings, and coastal installations.

Key Features:

- UV-stabilised—ideal for coastal and high-humidity areas.
- Rated IP65 and IK10 ensuring long-term outdoor durability.
- Vandal-proof mounting screws and double-insulated wiring for added safety and peace of mind.
- Backed by a 5-year warranty for confidence in quality.
- Available in Black or White to suit any exterior design.

Whether you're lighting up a school in pacific islands or a commercial site in New Zealand, the Rhyno delivers dependable performance where it matters most.
