

PREMIUM FLOOD LIGHT

The name “Way To Go” comes from a New Zealand fishing boat captain who would call out “Way to go!” whenever the crew landed a huge catch — a symbol of toughness and top performance, just like this floodlight.

Item No.	Size(mm)	Power	Lumen Output	Weight	Gross Weight	Carton Size (mm)
W2GO-050	362 x 256 x 66 mm	50W	7500 lm	3.7 kg	4.4 kg	395 x 280 x 90mm
W2GO-100	391 x 297 x 68 mm	100W	15000 lm	4.5 kg	5.6 kg	430 x 330 x 100mm
W2GO-200	456 x 370 x 74 mm	200W	30000 lm	6.7 kg	7.8 kg	495 x 400 x 100mm
W2GO-300	516 x 433 x 75 mm	300W	45000 lm	9.2 kg	10.8 kg	555 x 465 x 100mm

WAY TO GO – Premium Anti-Corrosion LED Floodlight

The **W2GO** is a robust, high-performance LED floodlight built for the harshest marine, coastal, industrial and commercial conditions.

Its anti-corrosive powder-coated body, advanced thermal design and fully replaceable driver make it one of the most durable and serviceable floodlights on the market.

The separate driver box allows easy access, fast installation and loop-in/loop-out wiring, ensuring flexible setup and minimal maintenance.

Before development, we asked fishing, industrial and commercial sectors what they needed, and this model was engineered directly from that real-world feedback.

Applications

- Swimming pool facilities
- Portside warehouses
- Recreational facilities
- Security lighting
- Docking areas
- Transportation
- Military
- Boats
